“ Hard to believe he's gone. I only knew him for a few years but he had such a nice outgoing personality. Still remember all the fun times at the card parties, can still see him sitting there at the table playing cards and it always seemed he had the same chair right next to Bill by the door, and we had a lot of nice chats outside. And his "deviled eggs", I pigged out on them. He probably didn't dare show up without them between Fran and me. He made a great meatloaf too and I'm sure a lot of other things, he was a good cook. Also all the Oldies concerts we went to at Proctor's and the dinners first. Then I remember going to the Broadway show in NYC, the Jersey Boys, with him and April and the family. So RIP Bob and I will never forget you and the fun times we had.

“ *My wonderful uncle,  
This is one of the hardest things I've ever had to go through...to see you suffering and in pain. There will never be a moment that you are not on my mind.  
I loved the time we had together over the many years. Holidays, birthdays.. parties. You calling me saying you made bacon and if I wanted to come for breakfast.  
There are countless memories that I have with you. My kids adored you just as much as you adored them. You were Devin's best friend. I loved you then, I love you now, and I will love you always. You brought Bobby back into my life, and I will always be here for him as you were for me and everyone else. Until we meet again, my sweet angel.  
I love you.*
